ABOUT COMMONWEALTH SCHOLARSHIPS

The Commonwealth Scholarship and Fellowship Plan (CSFP) is one of the largest and most prestigious international scholarship schemes in the world. Since it was established in 1959, 35,000 individuals have held a Commonwealth Scholarship or Fellowship – 27,000 of them were funded by the UK government, through the Commonwealth Scholarship Commission in the United Kingdom (CSC).

The CSC awards over 800 scholarships and fellowships for postgraduate study and professional development to Commonwealth citizens each year. The CSC's Secretariat is provided by the Association of Commonwealth Universities, based in London; overseas services are provided by the British Council.

For information about the other scholarships and fellowships offered by the CSC, visit www.dfid.gov.uk/cscuk. For information about Commonwealth Scholarships offered by other Commonwealth countries, visit www.acu.ac.uk/commonwealth-scholarships

You must make your application **directly to the CSC** using the CSC's application system. The CSC will not accept any applications that are not submitted via its application system.

All applications must be submitted by **23:59 (BST)** on **22 May 2018** at the latest.

If this documentation is not provided by the dates specified above, your application will be considered ineligible.

You are not required to apply via a nominating body for these scholarships.

SELECTION PROCESS

Each candidate's application will be considered firstly by an academic adviser with expertise in the subject area concerned, and then by the CSC selection committee in competition with other candidates.

Applications are considered according to the following selection criteria:

- Academic merit of the candidate
- Quality of the proposal
- Potential of the candidate to lead in the pursuit of global excellence in research and knowledge

For further details, see the Commonwealth PhD Scholarships (for high income countries) 2018 selection criteria at <http://cscuk.dfid.gov.uk/apply/phd-scholarships-high-income-countries>

TENURE AND PLACEMENT

Awards are tenable at any approved UK university or higher education institution for a specific programme of research. Awards are to obtain one degree; funding will not be extended to enable candidates to complete a qualification in addition to or higher than that for which the selection was made. Awards are made in respect of **full-time study only** and no other course of study may be undertaken at the same time.

Your award will be tenable only at a UK university with which the CSC has a joint funding agreement. Under a joint funding agreement, the CSC will fund two years of a three-year PhD and the host university will fund one year. Joint funding agreements will be negotiated individually for selected candidates.

In your application, you are expected to identify at least one but preferably three universities and supervisors that you think are the most appropriate for your research, and to explain your reasons. This is important because the CSC will not change the university or course of a provisionally selected candidate after the point of selection, unless exceptional information becomes available that could not have been foreseen at the time of application. The CSC will make the final decision on institution of study, and reserves the right to overrule any preferences indicated by the candidate. The CSC will consider the suitability of the course and its value for money when deciding on any overrule. Tuition fees for at least the current academic year are available on university websites.

You must take the necessary steps to secure admission to your preferred universities in advance of your scholarship application, as you are expected to provide evidence of an unconditional offer (or a conditional offer with only a financial condition) from at least one institution in your application. **Many courses have strict admission deadlines.** You should check admission requirements carefully when applying.

You must provide a supporting statement from a named supervisor from at least one of the UK universities to which you are applying. Applications without any statements will be considered ineligible. You are strongly advised to provide a supporting statement from a supervisor at your first choice university. If you do not, the CSC reserves the right to select you for placement at another university for which you have provided a supporting statement.

VALUE

Each scholarship provides:

- Approved airfare from your home country to the UK and return at the end of your award (the CSC will not reimburse the cost of fares for dependants, nor usually the cost of journeys made before your award is finally confirmed)
- Approved tuition fees
- Stipend (living allowance) at the rate of £1,065 per month, or £1,306 per month for those at universities in the London metropolitan area
- Thesis grant towards the cost of preparing a thesis or dissertation, where applicable
- Warm clothing allowance, where applicable

- Study travel grant towards the cost of study-related travel within the UK or overseas
- Provision towards the cost of fieldwork undertaken overseas (usually the cost of one economy class return airfare to your fieldwork location), where approved
- Paid mid-term visit (airfare) to your home country (unless you have claimed (or intend to claim) spouse and/or child allowances during your scholarship, or have received a return airfare to your home country for fieldwork)
- Family allowances, as follows:
 - Spouse allowance of £229 per month if you and your spouse are living together at the same address in the UK (unless your spouse is also in receipt of a scholarship; other conditions also apply)
 - Child allowance of £229 per month for the first child, and £112 per month for the second and third child under the age of 16, if you are accompanied by your spouse and children and they are living with you at the same address in the UK
- If you are widowed, divorced, or a single parent, child allowance of £458 per month for the first child, and £112 per month for the second and third child under the age of 16, if you are accompanied by your children and they are living with you at the same address in the UK

The CSC's family allowances are intended to be only a contribution towards the cost of maintaining your family in the UK. The true costs are likely to be considerably higher, and you must be able to supplement these allowances in order to support any family members who come to the UK with you.

GENERAL CONDITIONS

- A Commonwealth Scholarship covers fees, approved fares, and personal maintenance. Other scholarships, awards, or bursaries that cover the same costs may not be held concurrently.
- In order for the CSC to administer your application effectively and efficiently after you have submitted, it will be necessary to create a record in your name and your details will be kept on file. Basic anonymised demographic data for all applicants will be kept for analytical research. Should you wish to change your details before the deadline for references and supervisors' supporting statements, you can do so on the Candidate Information and Extra Details pages. All personal data held on you will be processed according to the principles of the United Kingdom Data Protection Act 1998.
- If your application is successful, the CSC will notify you that you have been provisionally selected (selected for an award subject to the CSC agreeing your terms of admission to the university)
- The CSC does not require any candidates to take an IELTS (English language) test. You should note, however, that, as a further condition of award, you may be required by your university to provide evidence of a particular level of English language proficiency.
- The CSC will not be able to offer you a scholarship if it would contravene the terms and conditions of another scholarship that you have previously held.
- When terms of admission to the university have been agreed, the CSC will send you a Notification of Award (formal offer of a scholarship).
- When all conditions of the Notification of Award have been met, the CSC will send you a formal Confirmation of Award.
- You will be required to submit a medical report before your Confirmation of Award can be issued.
- You will be required to sign an undertaking to return to your home country as soon as possible after the end of your award.
- You are expected to start your award on the date stated in your Notification of Award.
- If you require a Tier 4 visa to come to the UK to study, you must meet all relevant immigration requirements set by UK Visas and Immigration. You should check the GOV.UK website at www.gov.uk/tier-4-general-visa for updated information.

- All UK immigration regulations are set by UK Visas and Immigration and are subject to change. The CSC has no control over these regulations.
- You will be selected for an award on the basis of the plan of study outlined on your application form, which is not expected to change significantly during your award. Any such changes must be agreed by the CSC.
- You are expected to reside in the UK throughout your award, and to seek approval from the CSC in advance for any overseas travel.
- You must not undertake paid employment during your award without approval from the CSC in advance.
- Collaboration is a feature of doctoral research. The CSC expects that participants in collaborative projects will develop a collaborative agreement to clarify the contributions and rights of each partner. The CSC will not get involved in negotiating an exploitation agreement, but will need to be assured that an arrangement acceptable to all parties exists. Arrangements should be made to identify, protect and value any arising intellectual property and to secure a suitable return to the institution and the investigators through exploitation. The CSC considers the intellectual property ownership to lie initially with the student; however, many universities have their own locally applicable policy. In many cases, it is in the best interest of a student for ownership to be vested with the university, which will have greater negotiating powers and will be likely to be able to seek the best returns in any exploitation agreement. Award holders are expected to notify the CSC when CSC-funded intellectual property is exploited.
- The CSC cannot provide a letter of support or permission for you to remain in the UK after your award to work or undertake postdoctoral study.
- Your award may be terminated at any time for reasons of unsatisfactory conduct, progress, or attendance, or if your registration is suspended or terminated by your university for any reason.
- In line with the UK Bribery Act 2010, any applicant convicted of bribery will be banned from reapplying for a Commonwealth Scholarship or Fellowship for a period of up to five years.
- The CSC is committed to administering and managing its scholarships and fellowships in a fair and transparent manner. For more information, see the CSC anti-fraud policy and procedure at <https://www.gov.uk/government/publications/csc-in-the-uk-anti-fraud-policy-and-procedure> and the DFID guidance on reporting fraud at <https://www.gov.uk/government/organisations/department-for-international-development/about#reporting-fraud>
- All terms and conditions of award are subject to UK local law and practices, and are subject to change by the CSC.
